

### Benefits of VC EXIM

- Time is Money for every business, and our VC EXIM does save your time from the tedious documentation.
- Our solution has been designed by taking into consideration the exporter's problem of tracking the shipment with single entry form.
- VC EXIM provides you the facility to attach license against import or you can directly sell/purchase licenses.
- The solution not only helps you manage export documentation or licensing but it manages the whole export cycle, enhances your business growth and catalyze your profits.
- Excellent Reporting structure helps you have a crystal clear view of the situation and enables your quick decision making.

### VC EXIM Features

- Entire Export Documentation including pre-shipment and post-shipment are available
- A detailed MIS (Management Information System) is provided
- Simple User Interface makes the solution easily accessible by all the employees
- Rapid generation of the desired documents
- Easy maintenance of Letter of Credit through proper tracking and Reports
- Facility of managing Import as well as Export related information from single form
- Bank details, CHA details, Port details, Charges related information management
- License Management for Government Regulations
- All the reports like LC Due Report, LC Status Report, License Value Report, License Utilization Report are easily accessible.
